

HotSeat Chassis Log Book For the HotSeat Triple Screen

INSTRUCTIONS FOR OPERATING THE TRIPLE SCREEN DISPLAY

Your computer has already been “Optimized” for running the triple screen display. Therefore, all you need to do is open the desired program.

- For Microsoft Flight Simulation using the triple screen display...
 - Locate and open the icon on the Desktop named “*Microsoft Flight Simulation Surround Gaming*”. This will engage the Matrox TripleHead2Go hardware when the program is opened.
 - Once the program is running **AND** you have selected the desired “Mission” or “Free Flight” Right Click the mouse anywhere on the screen and select “***Virtual Cockpit***”. (In this mode, the resolution will be accurate and the image will not appear distorted).

If you are having a problem, please call us before it becomes a frustrating. We can be reached during normal business hours at 860-582-5031 X-0 and Heather will help.
